

Research Configuration

Al seleccionar “Age Range”, no se levanta la modal de configuración. Además, solo el checkbox es seleccionable, pero no toda la fila.

The screenshot shows the 'Research Configuration' page. On the left is a sidebar with navigation links: 'Back to List', 'CBCL', 'RESEARCH TECHNIQUE' (AIM Framework Stage 3), 'STATUS' (Draft), 'STAGES' (+ Add Stage), 'Research Configuration' (selected), 'Welcome Screen', 'Smart VOC', 'Cognitive Tasks', 'Thank You Screen', 'PROGRESS' (View Progress), and 'Logout'. The main content area is titled 'Research Configuration' with a subtitle 'Research settings and recruitment configuration' and a 'Save Changes' button. It is divided into two sections: 'Recruitment link' and 'Research configuration'. Under 'Recruitment link', there are two sub-sections: 'Demographic questions' and 'Link configuration'. 'Demographic questions' has a 'Please select' dropdown and a list of checkboxes: 'Age Range' (checked), 'Country & Geography', 'Gender', 'Education Level', 'Annual Income', 'Employment Status', 'Daily Hours Online', and 'Technical Proficiency'. 'Link configuration' has a 'Please select' dropdown and a checkbox for 'Allow respondents to take survey via mobile devices'. The 'Research configuration' section includes 'A. Backlinks' with a description and three input fields for 'Link for complete interviews', 'Link for disqualified interviews', and 'Link for overquota interviews'. It also has 'B. Research's link to share' with a description and a 'Research URL' input field. Finally, it has 'C. Research's parameters detected' with a description and a note about parameters.

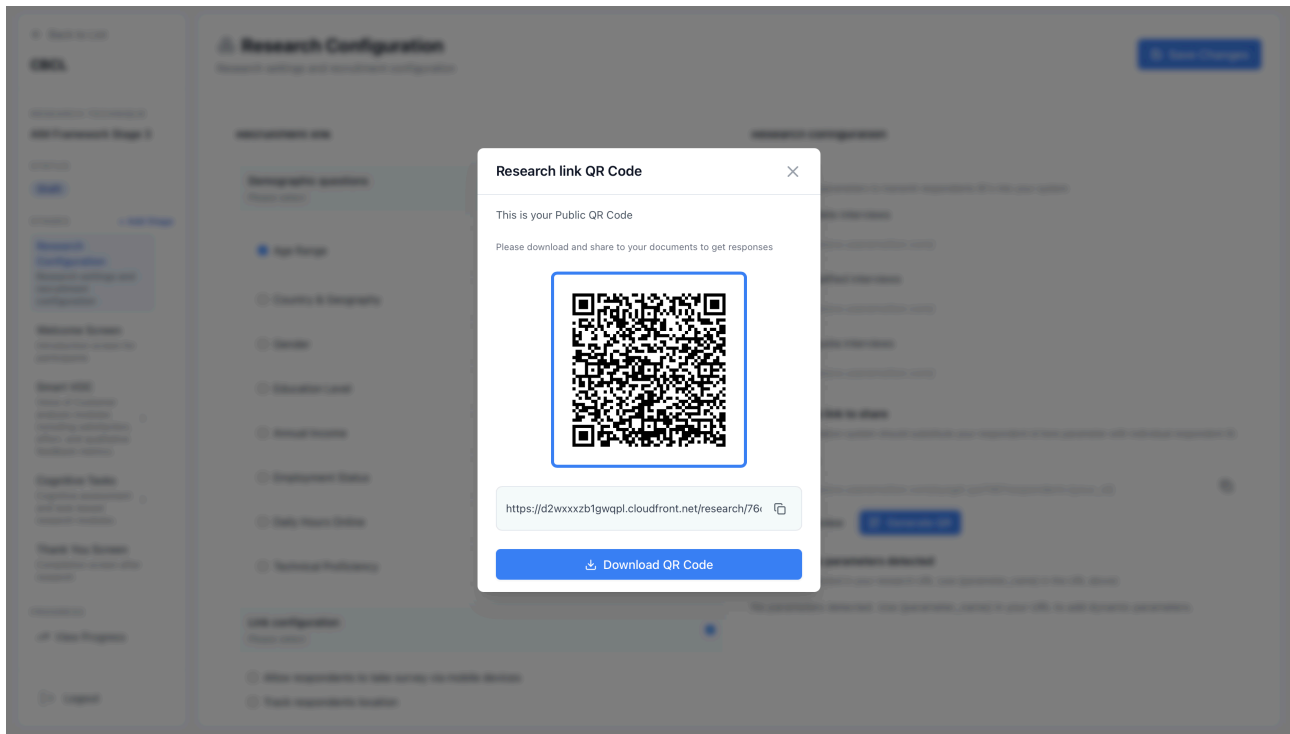

Opciones de edad

No permite apagar algún rango de edad

The screenshot shows the 'Configurar opciones de edad' modal. It has a title bar with 'Configurar opciones de edad' and a close button. Below the title bar are two tabs: 'Opciones de Edad' (selected) and 'Cuotas Dinámicas'. The main content area has a description: 'Define los rangos de edad y usa el toggle para indicar si clasifican o desclasifican automáticamente.' Below this is a list of age ranges with 'Clasifica' checkboxes: '18-24', '25-34', '35-44', '45-54', '55-64', and '65+'. All checkboxes are currently checked. At the bottom of the list is a text input field for 'Nueva opción de edad (ej: 18-25)' and a '+ Agregar' button. Below the input field is a 'Nota:' section with a blue background and text: 'Las opciones marcadas como "Clasifica" se mostrarán a los participantes para seleccionar. Las opciones marcadas como "Desclasifica" excluirán automáticamente a los participantes de esas edades. Debes mantener al menos una opción que clasifique.' At the bottom of the modal are two buttons: 'Cancelar' and 'Guardar configuración'.
